Announcements

Undergraduate Commencement Reception

As a reminder, the department is hosting an open house to celebrate the graduation of many of our students next Friday, May 12th from 10:00-11:30 a.m. in Waite Library. Light appetizers will be served. We look forward to seeing you then!

International Dinner

The Grad Club's annual International Dinner is also next Friday, May 12th at 5:00 p.m. in the Northstar Ballroom. For more information and to RSVP, [see the full announcement online](#).

Rob King Retirement Celebration

This event on May 25th, from 2:00-4:00 p.m. in the Cherrywood Room is drawing nearer, so please remember to RSVP online if you haven't already done so. More information and the full schedule is available [on our website](#).

[Applications Accepted for Price Theory Scholar Program](#)

This program allows PhD students in economics from other universities to experience and learn to apply price theory in the Chicago tradition during a one-quarter residency at the University of Chicago. Selected students are enrolled in the first quarter of the Price Theory sequence taught by Kevin M. Murphy. This course emphasizes the application of simple economic principles to important real-world problems. Candidates for the Price Theory Scholars Program must be nominated by a professor or adviser. While applications are submitted by candidates, recommendations are not accepted directly from the candidates themselves. If you are interested in applying, please [contact Jason Kerwin](#). More information on this program is [available online](#).

Jobs

PhD

The Institute of Science, Technology, and Policy (ISTP) at ETH Zurich is offering a PhD position on options for increasing transparency and reducing negative environmental and social impacts of metal supply-chains. The successful candidate will examine the practices and preferences of Swiss companies with respect to cleaning up their supply chains for gold, copper, and lithium. They will explore the potential role of increasing transparency and enhancing rules of origin and traceability in reducing the ecological and social footprint of metal supply chains. For more information contact [Professor Isabel Gunther](#). Please submit your application [online](#) with attention to ETH Zurich, Olivier Meyrat, Human Resources, 8092 Zurich.
